Dear Artist!

This year the management of Art Gallery Szombathely decided that approx, the half of more than 100 presented Triennial works fit the collection interest of the Textile selection.

We would like to ask You – appreciating your artistic activity of course – to donate your work, elected by the jury of the 3 rd Textile Triennial, to our gallery's Textile Collection.
Our textile collection is the biggest contemporary selection in Hungary, containing more than 3000 works. Our international miniature-textile collection includes more than 1200 pieces, a special section – the Flag collection, and our newest exhibitory part – the Ribbon collection, which is an absolute rarity in Europe.
We present 2-3 times exhibitions each year in Hungary and Europe from the material of our Textile Collection, and we try to keep our donating artists informed about these happenings, so they can attach these collective exhibitions to their CV-s.

We would like to salute You for the donation:
